Those 80% can make it work. It's all about how many percent did not work out. But even after you break those 80%, you still need to take the time to figure out what went wrong. Sometimes the reason for a failure is beyond your control. Sometimes it is because of other people. Sometimes it is a lack of effort. Sometimes, you make the wrong decisions. And sometimes you get lucky. But here are some of the bad decisions I have made that I wish I could have avoided. The business community has a habit of looking for inspiration from others' success. They want to be like you. So, many times, business people are most inspired by successful people. This can be a trap. You have to tell yourself, "I'm not Bill Gates. I'm not Jack Dorsey. I'm not Mark Zuckerberg. I'm not Steve Jobs. I'm not Oprah." You need to remember that the best inspiration you will get is your unique journey. 5ec8ef588b
